DRUNKENNESS

This is a positive fact known to tens of thousands of wives and mothers of this land. They know Orrine is a reliable ramedy for the cure of drunkenness because it has restored their loved ones to lives of sobriety and usefulness. Every one of these women bought Orrine with full confidence that it would affect a cure or their money would be refunded to them if it falled. This guarantee is in each box. No other remedy for the cure of drunkenness is sold with this liberal guarantee, but Orrine has been so uniformly successful that the makers want the buyers to know that they have full protection if a should fall in any instance. We never publish letters of patients, but recently this letter came to us from Dr. Noite. Eighth and Race streets, Philadelphia, Pa. Read it and you will readily appreciate why Orrine is so well thought of:

Thave had a remarkable case of inspring under my personal observation. The patient drank heavily for fifteen years and reached a degraded condition, which caused the breaking up of ever for drink, and only a mother's interest really persuaded him to voluntarily take treatment for his diseased condition. It was my pleasure to recommend orrine, your liquor habit cure, and the treatment was taken faithfully. This was taken faithfully. This was taken faithfully. This was taken faithfully as the reached in the patient is not in a healthy condition and still lave sold Orrine for a number of years and have airways found it to be satisfactory. I believe roll have an exceptionally good treatment for this discase.

Orrine is prepared in two forms. No. a powder, absolutely tasteless and forless, given secretly in food or rink. Orrine No. 2, in pill form, is or those who wish to cure themselves, rine costs only \$1 a box. The guaratee is in each box. Get The Genuine

All deciers who are conscien-tious will never endeavor to sell you a substitute if you ask for Suipho-Napthol. The reason for this is that such dealers who en-deavor to please their oustomers know that there is nothing just as good as a germicide, antiseptic and home cleanser. The genuine

always comes in yellow packages. It is the kind that the dealer who is endeavoring to please his cus-tomers, and have them come back with repeat orders—the man who is looking to build up future trade—recommends. Such dealers who have their customers' welfare at heart are the kind that recommend Sulpho-Napthol even when the customer has been mis-guided and saks for a doubtful matried substitute.

carved his way to the front ranks of able men in America. Mr. Wright was born in Paterson, N. J., April 16, 1853, and was endowed with hereditary in-stinct for mechanical matters. He was stinct for mechanical matters. He was educated in the public schools, and at the age of 12 years started work as a boy in Van Dyke & Co. of Paterson. He stayed there five or six years and then went to Reed & Barry, proprietors of the Dundee Dye & Print Works at Passale, and in 1855 was its treasurer and general manager. In 1899 he was the prominent factor in the organization of the United States Finishing Co. and has been its managing. shing Co. and has been its managing head ever since. Year by year new plants have been added and under the capable financial direction of Treas-arer F. S. Jerome the finance of the growing enterprise has been very successfully accomplished, so much so that Mr. Jerome has attracted the attention of banking institutions and his advice is sought in the consultations of a half dozen or more boards of bank directors throughout the east, and in addition to his duties as treasurer of the United States Finishing Co, he is a director in many leading banks and business corporations.

It is the combination of brains such as President Wright and Treasurer Jerome are endowed with that has made the United States Finishing Co. what it is, and the unfailing good judgment of Mr. Wright in selecting odgment of Mr. Wright in substitution of Mr. Wright in substitution of Mr. Wright in substitution of the different of the substitution of the subs ferent plants has supplemented the executive organization, so that the United States Finishing Co, is fully as strong with the mills and converters

Just what plans for future extension are in the minds of Messrs. Wright and Jerome it is impossible to state, but of one thing we can rest assured, the business of the company is outgrowing its capacity and enlargements are sure to come before long, and it is perfectly safe to predict that the next big move will give increased value to the shares

The Extra Dividend.

The company's fiscal year ends on Dec. 31, and on that date last year earnings for the past 12 months were reported as close to \$1.000,000. But the surprise of the year came late last week, when an extra was an-nounced of \$1.900,000 in common stock ferred stock. Common stock dividends were inalignated in the spring of 1809, at the rate of 4 per cent, which rate has strue been maintained. Twice within the past year stockholders have also received Tights' in connection with new stock issues, which have increased the stock from \$1,000,000 to the present figure of \$2,000,000. The vote of directors to issue the additional \$1,000,000 to the present figure of \$2,000,000. The vote of directors to issue the additional \$1,000,000 to the present last, as a dividend to stockholders of record March 21, will make total outstanding common stock \$2,000,000. Barrangs for the past year yere equal to ever 17 per cent, on this increased capitalization. Stock is quoted at \$1150. The following shows earnings of the speece March 31. There is no reason to believe that the members of the Illinois legisla-ture are worse than the common run ture are worse than the common run of state lawmakers. The late sensational disclosures in New York and Illinois, however, should serve to awaken the public conscience. If the lining were turned to the sun and a showdown should be made of the election of United States senators in our general assembly we should probably have nothing to brag of in comparison with any ether of our sister states. This is a shameful confession to make son with any other of our sister states. This is a shameful confession to make but as long as present conditions go unremedied and we are busying ourselves in organizing societies of self-laudation, is there not danger that the next legislature will be filled with the same indifference to character and competence that has marked past se-lections? Is it not time to turn over a new leaf?—Philadelphia Record.

Merry del Val, the "Merry Devil." Cardinal Merry del Val, who came into unpleasant collision with Colonel Rooseveit, is to some extent a London-er, for he was born about 45 years ago in Portman square, where his father, descended from the Irish family of Merry, was secretary to the Spanish embassy. He also received his early education in England at a private school near Slough, where his propensity for playing practical jokes procured for him the punning nickname of Merry Devil.
